R. Edward Freeman (born December 18, 1951) is an American philosopher and professor of business administration at the Darden School of the University of Virginia, particularly known for his work on stakeholder theory (1984) and on business works.

R. Edward Freeman - Wikipedia

Stakeholder management is a critical component to the successful delivery of any project, programme or activity. A stakeholder is any individual, group or organization that can affect, be affected by, or perceive itself to be affected by a programme. Stakeholder management creates positive relationships with stakeholders through the appropriate management of their expectations and agreed ...

SAICM is a policy framework to guide efforts to achieve the Johannesburg Plan of Implementation goal that

by 2020, chemicals will be produced and used in ways that minimize significant adverse impacts on human health and the environment.

Strategic Approach to International Chemicals Management

Strategic project management bridges the gap between the lofty ambitions of strategists and staff that do the work. Strategy without projects is just another document collecting dust. Projects without strategic importance quickly lose their appeal. When you're disconnected from strategy, the daily grind is tough.
