Sociology is the scientific study of society, patterns of social relationships, social interaction, and culture of everyday life. It is a social science that uses various methods of empirical investigation and critical analysis to develop a body of knowledge about social order, acceptance, and change or social evolution. Many sociologists aim to conduct research that may be applied directly to ...

Sociology - Wikipedia

Macrosociologyâ€™the study of large-scale social structures and the fundamental principles of social organizationâ€™was the style of sociology practiced by the founders of the discipline. Today, the social theories of Karl Marx, Max Weber, Ã‰mile Durkheim, and Herbert Spencer (among others) are ...

Public sociology is a subfield of the wider sociological discipline that emphasizes expanding the disciplinary boundaries of sociology in order to engage with non-academic audiences. It is perhaps best understood as a style of sociology rather than a particular method, theory, or set of political values. Since the twenty-first century, the term has been widely associated with University of ...
