Kate Chopin's "The Story of an Hour" originally published 1894. Her fancy was running riot along those days ahead of her. Spring days, and summer days, and all sorts of days that would be her own. She breathed a quick prayer that life might be long. It was only yesterday she had thought with a shudder that life might be long.

The concept of time is related with the motion and the change in the objects around us. All objects begin, develop and end in time and that holds true not only for us, the human beings, but also for the stars and the universe. In the Newtonian physics time is used as a parameter to describe the motion of
